**FBI UCR Program** - A nationwide statistical effort in which city, university and college, county, state, tribal, and federal law enforcement agencies voluntarily report data on crimes brought to their attention. The UCR program also serves as the basis for definitions of crime and for classifying crime in the ASR statistical report.

**Hierarchy Rule** - A requirement in the FBI’s UCR program that, for the purposes of reporting crimes in the system, when more than one criminal offense was committed during a single incident, only the most serious offense be counted, in most situations.

- **Murder** and **Non-Negligent Manslaughter** is the willful (non-negligent) killing of one human being by another.
- **Negligent Manslaughter** is the killing of another person through gross negligence.
- **Sexual Assault** - Any sexual act directed against another person, without consent of the victim, including instances where the victim is incapable of giving consent. Clery statistics include attempted sexual assaults. Sex offenses statistically counted for Clery include Rape, Fondling, Incest, or Statutory Rape as defined in the FBI UCR program.

- **Hate crimes** are defined for this report as crimes committed against a person that manifest evidence that the victim was intentionally selected because of the victim’s actual or perceived race, gender, religion, national origin, ethnicity, disability, gender identity, or
sexual orientation. For this report, the hate crime must have been for one of the criminal offenses listed in the report, larceny-theft, simple assault, intimidation, or destruction/damage/vandalism of property or any other crime involving bodily injury where the victim was intentionally selected because one of the above listed biases motivated the perpetrator.

- **Larceny** is the unlawful taking, carrying, leading or riding away of property from the possession or constructive possession of another.

I. Geography

The University of Richmond Police Department (URPD) defines the boundaries pertaining to the Clery Geography annually. The map is included annually in the Annual Security Report (ASR) and is available at URPD. The map was last updated in the summer of 2017 and reviewed in the summer of 2019. The University’s on-campus geography is displayed in the map below. Additionally, the University regularly uses University of Richmond Downtown and Independence Golf Course, and those are both considered non-campus property along with several other areas used less frequently.

The map of Clery Geography displays all buildings and grounds associated with the campus. All areas of the map within the Clery Boundary are considered on-campus, with the exception of Campus Drive, Boatwright Drive, College Road, and River Road. Those public roadways are classified as public property.

A list of buildings is maintained in URPD with all applicable addresses. Many addresses changed in August 2018 due to a wayfinding project completed on campus.

II. Police Department Description

URPD is a full-service police department with 22 sworn police officers, 5 security officers, 6 communications officers, and administrative staff. The 22 sworn police officer have arrest powers. The department is one of only a handful of private institutions with a police department accredited by the Commission on Accreditation for Law Enforcement Administrators and the International Association of Campus Law Enforcement Administrators.
III. Crime Statistics

URPD is designated with the responsibility for the collection of data, maintenance of records, and preparation and distribution of this report. The crime statistics displayed at the beginning of the ASR were collected using a university-wide committee, university Campus Security Authorities (CSA), and external law enforcement agencies to name a few resources.

Clery statistics do not include personal identifiers of the victim or the accused.

IV. Campus Security Authorities

URPD is ultimately responsible for identifying and maintaining the list of CSAs. A committee comprised of members from URPD, Human Resources, and Compliance participate in the creation of the list of CSAs. URPD and the Compliance Office maintain the current list of CSAs for the university. Each summer the list is updated. The most recent list was compiled in August 2019.

The university provides all CSAs with regularly scheduled training. In the training, CSAs are provided with the information and materials needed to document and submit reported crimes to URPD for inclusion in the crime statistics. CSAs are instructed to report crimes through online forms. There are separate forms for faculty and staff, and students (RAs).

All crimes reported through those forms and other reporting structures are reviewed by URPD to determine the appropriate classification of crime, if any.

V. Statistics from Local Law Enforcement Agencies

URPD is responsible for collecting crime statistics from local law enforcement agencies around the world. Throughout the year, information about student travel to off-campus locations is reported to URPD. URPD sends letters to the law enforcement agency responsible for locations where students traveled and requests crime statistics for the date(s), time(s) and location(s) traveled if the travel meets the standards identified by the Act.

The data collected from local law enforcement agencies is analyzed and maintained by URPD. The response, or lack of response, of each agency is documented by URPD. This policy and procedure for the collection of this data was last updated in September 2017.

VI. The Daily Crime Log

URPD is responsible for maintaining the daily crime log. The log is maintained in PowerDMS, a software used by the URPD. The most recent 60 days of the crime log is available on the URPD’s website. The case disposition listed on the crime log is reviewed regularly for accuracy and is updated for 60 days after the incident’s report date. Back-up copies of the daily crime log are maintained on the URPD’s server.

Requests for a portion of the log that is older than 60 days, will be available within two business days of the request for public inspection. The full crime log is located in URPD, 490 Westhampton Way, Richmond, VA 23173. For more information about the crime log, contact Captain Eric Beatty (804) 651-9975 or ebeatty@richmond.edu.
In a rare situation when there is clear and convincing evidence that the release of such information would jeopardize an on-going investigation, safety of an individual, destruction of evidence, or cause a suspect to flee, such information may be withheld until that threat is no longer likely to occur from the release of such information.

The daily crime log includes: the nature of the crime, the date and time the crime occurred, the general location of the crime, and the disposition of the complaint, if known. Information about accessing the crime log is sent annually to the university community through the ASR notification.

The dispositions used by URPD are: (1) Closed – an incident that is no longer being actively investigated i.e. leads exhausted, inactive, and exceptionally cleared. Closed cases may be reopened if new evidence becomes available, (2) Conduct Referral – the referral of any person to any university official for further action (Police may or may not be involved in the conduct referral), (3) Open – Pending/active investigation, (4) Unfounded – Investigated by law enforcement and found to be false or baseless, (5) Arrest – Persons processed by physical arrest or released on summons, and (6) Title IX – Deputy Title IX Coordinators investigate these cases and report required facts necessary for Clery and crime log. There has not been a police report initiated.

There are multiple employees within URPD trained to maintain and update the crime log as needed. These employees include: Records Supervisor, Emergency Communications Officers, and Services Captain.

VII. Emergency Response and Evacuation Procedures

The University of Richmond (UR) has an Emergency Notification System (ENS) with multi-channel communication capabilities. The ENS is maintained and stored by the Director of Emergency Management. The policy is reviewed and updated regularly, with the most recent revisions in April 2019.

The UR ENS is intended to rapidly disseminate emergency information about an incident and provide instructions to the UR campus community. Emergency information is sent to registered users and through other ENS channels as identified in these Protocols.

The following University officials have been assigned the authority to authorize emergency notifications to provide alert, warning, and safety or protection instructions:

- University President
- UR Police Chief
- URPD Officer on Duty
- UR Communication Officer (for hail, high wind, and tornado warnings)
- Director of Emergency Management
- Executive Vice President and Chief Operating Officer
- Executive Policy Group Chairperson

The following university official(s) are also able to authorize and emergency notification, if they are directly involved with the emergency response for a safety-and-security incident at UR:

- Associate Vice President of Facilities
• Medical Director
• Director of Environmental Health and Safety

These positions will be collectively referred to as “Responsible University Authorities” for the purposes of these Protocols.

Senior University Officials who are directly involved with emergency response for safety-and-security incidents at UR are designated as “Responsible University Authorities.” A Responsible University Authority is limited to issuing an immediate alert in response to an incident or event within their direct area of responsibility (as defined by agency/office mission and/or position description), and only in cases in which a delay could compromise the safety and security of the university.

At all times in these Protocols, reference to any position at the University shall be understood, in the absence of the referenced individual, to include designees.

The process for activating the UR ENS Protocols begins when a threat or emergency situation is reported to the URPD or to another Responsible University Authority. Emergency situations that require Immediate Notification must be confirmed by a Responsible University Authority, who will then authorize the emergency notification based on the operational guidelines of these Protocols.

For the majority of emergency threats and incidents on the UR campus, the first notice of the situation will be via an incoming call to the 8-9-1-1 URPD Dispatch Center. In the event of a threat or emergency in which the URPD Senior Officer on Duty is not yet at the incident and/or for which specialized technical knowledge is required, another Responsible University Authority may confirm the threat and authorize the message with emergency safety instructions. The Responsible University Authority will notify the URPD Dispatch Center and authorize the Communication Officer to issue the message. If the Responsible University Authority is trained in and has direct access to the UR ENS interface, the Responsible University Authority may issue the message if necessary.

The UR ENS consists of the following channels:

**UR Alert** is a messaging system controlled by a web-enabled management interface that allows an operator to simultaneously send outbound UR ENS messages via the following channels:

- **Short Message Service (SMS) or text messages** sent to mobile devices (including cell phones) which may also convert to an audible message if the phone is answered.
- **Phone calls** (and voicemails for unanswered calls) to registered phone numbers including cell and land lines (U.S. 10-digit numbers).
- **E-mails** to @richmond.edu accounts and any registered within the UR Alert portal.
- **Social Media Accounts** including Twitter and Facebook.
- **University of Richmond website** via a banner across the top of the page.
- **Digital Signs** throughout campus including menu boards within the dining locations.
- **Desktop Alerts** to University managed computer systems and public machines.

UR Alert is dependent on an individual “opt-in” registration in order to receive text messages and phone calls. Students, faculty and staff are encouraged to sign up for the service. Users can
select up to three channels/contact points by which they wish to be notified of UR Alert. All registered users receive messages sent through channels the users have registered for.

The following additional UR ENS channels may also be activated independently of UR Alert:

*Outdoor Warning System* consists of three clusters of outdoor speakers centrally located on campus. It is capable of playing a recorded message or live audio from the URPD Communication Officer. The system is most frequently used to provide alert to persons outside to seek shelter indoors immediately due to an approaching tornado. At present, a siren runs continuously during a tornado warning and when the warning expires the siren stops.

*Internal Speakers* in Tyler Haynes Commons, Heilman Dining Center, Weinstein, and Boatwright Memorial Library are also able to play prerecorded messages or live audio from the URPD Communication Officer.

*Classroom Paging Application*, grouped by building, uses existing Avaya phone sets to support one way paging.

Additionally the following secondary channels are available to disseminate information:

*Voicemail to UR campus phones* will record outbound messages onto voicemail throughout the UR phone system.

*Posts to the UR Alert webpage* (alert.richmond.edu) may supplement the UR Alert format with more in-depth information and instructions.

*The UR hotline*, (804) 289-8760 or toll free at (866) 386-0403, is a recorded message system which provides status information.

*UR TV Channel 16* is connected to the National Weather Service (NWS) Emergency Alert System (EAS). When the EAS is activated, all cable channels connected to the head end will get a message scroll telling them to tune to Channel 16. Channel 16 then displays the information from the EAS.

All UR Alert messages will contain at minimum the following information, in this order:

- Nature of the incident,
- Location, and
- Actions to be taken by affected populations.

UR ENS messages generated via these protocols will follow formatting consistent with UR Alerts system characteristics. Therefore, regardless of channel used, UR ENS messages generated via these Protocols will use the same message of no more than 160 characters (the maximum number of characters available in a SMS message) for all message systems.

Additional or subsequent messaging via non-UR Alert channels (which are not constrained by technical limitations related to SMS) may use additional characters, as appropriate, to convey more information. As soon as possible following the issuance of an emergency message, the UR homepage and hotline will contain additional and/or supplemental information about the alert and/or the incident.

These will provide instructions for:
Obtaining additional detailed information if university programs and/or services are interrupted,
Receiving additional updates and information, and/or
Reporting information.

The process for activating the UR ENS Protocols begins when a threat or emergency situation is reported to the URPD or to another Responsible University Authority.

There are three types of notifications under UR ENS, “Immediate,” “Status Update,” and “All Clear,” which are described on the following pages.

An Immediate Notification to the campus is made when the URPD or another Responsible University Authority confirms that an emergency situation poses an immediate threat to life safety or security of the campus population. The URPD Senior Officer on Duty, URPD Communication Officer (for high wind, hail, and tornado warnings), or another Responsible University Authority is authorized to make an Immediate Notification to provide alert, warning, and safety or protection instructions.

However, the URPD Senior Officer on Duty or other Responsible University Authority also has the authority not to authorize an Immediate Notification to the campus if issuing the message will create a more serious emergency and/or compromise the University’s efforts to contain the emergency. If the URPD Senior Officer on Duty, or other Responsible University Authority makes a decision not to authorize an alert, he or she must immediately notify and consult with the UR Police Chief.

As necessary, the UR Police Chief notifies the Executive Vice President and Chief Operating Officer and the Director of Emergency Management of the situation, notifications authorized/issued (or not authorized/issued), and any other actions taken; as needed, the Executive Vice President and Chief Operating Officer then notifies the University President and other officials, including University Communications for situations in which informational updates via voicemail to UR campus phones, posts to the UR homepage, and/or use of the UR hotline will be appropriate.

At any time, if more than one operator attempts to log into the UR ENS interface, or if a URPD Communication Officer or other operator is given conflicting instructions, the system operator will defer to the most recent information or that provided by the highest ranking individual.

For ongoing incidents or situations, such as a fire, a Status Update should be provided at a minimum every thirty minutes after an initial UR Alert was sent to the entire campus community. A Status Update alerts the community that the incident is ongoing and the area should be avoided. Additionally, it directs individuals to http://alert.richmond.edu/ where more information may be provided.

An All Clear Notification indicates that the emergency has ended.

All notifications should be timed such that SMS messages do not overlap. Status Update and All Clear Notifications are authorized by the person who has incident command, which may be the URPD Senior Officer on Duty, UR Police Chief, Director of Emergency Management, or other Responsible University Authority.
At least annually, a test of the ENS is conducted. The ENS tests are typically announced via email and SpiderBytes. A description of each test, date, time and whether it was announced or unannounced is maintained by the Director of Emergency Management in an after action report. A summary of each test is sent to educate the community about emergency response, procedures, and applicable lessons learned, if any.

Evacuation Procedures

Prepared students, faculty, and staff are a priority of the University of Richmond. Students, faculty, and staff should be familiar with applicable emergency plans and procedures as well as evacuation routes. As such, emergency response and evacuation procedures are communicated with the campus through several methods depending on the community member’s classification. These methods include, but are not limited to, signage within buildings, an email to faculty each semester, seasonal poster campaign, orientation events, residence life and new employee training. Information about how to prepare as well as the types of emergencies that occur on campus is also available online.

With the exception of residence halls, a Building Emergency Plan (BEP) was developed for each building on campus. Developed to comply with OSHA 29 CFR 1910.38 the BEPs at a minimum must include the following information:

- Procedures for reporting a fire or other emergency:
- Procedures for emergency evacuation, including type of evacuation and exit route assignments;
- Procedures to be followed by employees who remain to operate critical operations before they evacuate;
- Procedures to account for all employees after evacuation;
- Procedures to be followed by employees performing rescue or medical duties; and
- The name or job title of every employee who may be contact by individuals who need more information about the plan or an explanation of their duties under the plan.

To fulfill compliance, a Building Emergency Coordinator, to include an alternate, as well as floor monitors was identified for each building with an BEP. Building Emergency Coordinator serve as the key contact for their building during an emergency, ensure all building occupants are aware of and trained on the BEP. Floor monitors provide direction about sheltering in place or evacuating the building as dictated by the event and account for building occupants after an evacuation. A list of Building Emergency Coordinators to include Building Emergency Plans is available online.

VIII. Timely Warning

URPD maintains the timely warning policy for UR. The timely warning policy was last revised in June 2017. This policy is kept in PowerDMS, URPD’s document management software. It is the responsibility of the URPD to distribute timely warning notifications for any reported Clery Act crime occurring within the institution’s Clery geography that is considered to represent a serious or continuing threat to the university community. The warning is distributed community-
The criteria and considerations listed below are used to determine if a timely warning is appropriate.

- Does the incident involve one of the crimes below?
  - Murder/Non-negligent manslaughter
  - Aggravated assault
  - Rape, Fondling, Incest, Statutory Rape
  - Robbery
  - Burglary
  - Arson
  - Motor Vehicle Theft
  - Stalking
  - Domestic Violence
  - Dating Violence
  - Hate Crimes
  - Other Crimes as determined by the Chief of Police or designee.

- What is the location of the crime? Did the crime occur on property that is owned, leased, or controlled by the university (1) on campus, (2) on campus in a residence hall, (3) on public property within or immediately adjacent to campus, and (4) in or on non-campus property or buildings that the university owns, controls, or leases, is frequented by students and used in support of educational purposes?

- Is there a serious or ongoing threat to the campus community because of the reported incident?

- Has the perpetrator been apprehended?

- What is the timeframe between the report of the incident and the date of the incident? Does the date of incident and report date occur within the same semester, month, or year?

- Does the incident appear to be isolated or a pattern of behavior?

- Does the suspect/complainant (if known) have a prior criminal history or a history of failure to comply with university directives or protective measures?

The Chief of Police or designee is responsible for approving and issuing a timely warning. Each warning is decided based on a case-by-case basis considering the totality of the circumstances surrounding that incident.

The Chief of Police or designee shall contact the university’s PIO for distribution of the warning. There may be incidents in which other forms of notification may be used such as student meetings, the Collegian, or local media.

URPD has requested for the City of Richmond Police Department and Henrico County Division of Police to notify URPD when emergency situations exist and/or crimes have occurred close to UR’s campus. This is important to ensure appropriate emergency notifications and timely warnings are issued.
IX. Annual Security Report Policy Statements

Policy Prohibiting Sexual Misconduct

Standards of Student Conduct

Alcohol, Tobacco, and Other Drug Policy

Security and Access to campus buildings

All exterior doors on residential buildings have door alarms that report locally during business hours and to URPD outside of business hours. URPD will respond to any door alarm to ensure the door is secure and not propped open. Administrative and academic buildings are generally open to the public during business hours. Once these buildings lock in the evening, some have card readers to allow students into specific areas to study and meet. Security officers are assigned to specific beats and are responsible for making rounds through buildings to ensure doors are secure, door alarms are working, and lighting is functional.

Current campus policies regarding procedures for students and others to report criminal actions or other emergencies occurring on campus.

The University of Richmond encourages our community members to promptly and accurately report crimes to URPD. Community members who become aware of any possible crime are encouraged to report that crime to URPD and assist victims who may elect not to or be unable to report the crime. Crimes may be reported any time day or night. URPD shall provide assistance with reporting any crime that may have occurred outside its jurisdiction. Prompt reporting allows the University to inform victims of resources available to them, mitigate future criminal activity, and assist the institution with notifying the rest of the community if there is a serious or ongoing threat to campus safety.

- Crimes may be reported in person 24 hours a day, at the police department, which is located on the ground floor of the Special Programs Building, 490 Westhampton Way, Richmond, VA 23173
- Crimes or emergencies on the campus of the University of Richmond may be reported to URPD by phone. When dialing from an on-campus phone, 8911 (emergency) or 8715 (non-emergency).
- From off-campus or cell phones, individuals are told to call 804-289-8911 (emergency) or 804-289-8715 (non-emergency). It should be noted that when using a cell phone to call URPD, callers should dial 804-289-8911 as dialing 9-1-1 directly may route them to another agency. If an individual is routed to another police department, the individual will need to advise the jurisdiction of the individual’s specific location at the University of Richmond so that the appropriate jurisdiction’s responders may relay that information to URPD.
- Crimes or emergencies on the campus of the University of Richmond may be reported to URPD by one of the fifty-two (52) emergency telephone locations throughout the campus, designated by blue lights for easy identification at night. Picking up the receiver or pressing a button activates the emergency telephones. The phones are directly connected to the Police
Communications Center, which is staffed 24 hours each day. The location of the activated telephone is automatically identified to the Emergency Communications Officer.

- Crimes may be reported anonymously by utilizing URPD’s App “LiveSafe”. Download the UR LiveSafe app from the App Store or Google Play. Register with your email and fill out your profile. Select University of Richmond as your campus. Crimes may be reported using the safety component of our University of Richmond mobile app which can be downloaded at www.richmond.edu/app/

*A statement that the institution prohibits the crimes of dating violence, domestic violence, sexual assault and stalking as those terms are defined for purposes of the Clery Act.*

The mission of the University of Richmond is to educate in an academically challenging, intellectually vibrant, and collaborative community dedicated to the holistic development of students and the production of scholarly and creative work. A Richmond education prepares students for lives of purpose, thoughtful inquiry, and responsible leadership in a diverse world. The University of Richmond values the dignity, worth, and contributions of all individuals and an inclusive community in which all members can engage meaningfully in institutional life and contribute to a community where all thrive.

The University of Richmond prohibits discrimination and harassment against applicants, students, faculty, or staff on the basis of race, religion, national or ethnic origin, age, sex, sexual orientation, gender identity, gender expression, disability, status as a veteran, or any classification protected by local, state, or federal law.

Consistent with its mission, values and commitment to non-discrimination, the University is unwavering in its commitment to prevent sexual violence, respond promptly to reports of any type of sexual misconduct, support survivors of sexual misconduct, and investigate and adjudicate reports in a manner that is prompt, fair and equitable to all parties involved.

The conduct prohibited by this Policy may also violate criminal laws. As such, the University encourages members of the campus community to report sexual misconduct to both the University’s Title IX Coordinators and to the University Police Department.

*The definition of “dating violence,” “domestic violence,” “sexual assault” and “stalking” as those terms are defined in the applicable jurisdiction?*

Dating/Relationship Violence Dating or relationship violence is any type of violence, including sexual or physical assault or abuse, or the threat of such assault or abuse, between adults who are in a social relationship of a romantic or intimate nature. The existence of such a relationship will be determined based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. Dating/relationship violence is sexual misconduct prohibited by the University.
Domestic Violence Domestic violence is an act of violence committed: (a) by a current or former spouse or intimate partner of the victim; (b) by a person with whom the victim shares a child in common; (c) by a person who is cohabitating or has cohabitated with the victim as a spouse or intimate partner; (d) by a person similarly situated to a spouse of the victim under Virginia law; or (e) by any other person against an adult or youth victim who is protected from that person’s acts under Virginia law. Domestic violence is sexual misconduct prohibited by the University.

Sexual Violence Sexual violence is any physical sexual act or acts perpetrated against a person’s will or against a person incapable of giving consent. Examples of sexual violence include non-consensual sexual contact and non-consensual sexual intercourse. Depending upon the circumstances, sexual violence may also include dating/relationship violence or domestic violence. Sexual violence is sexual misconduct prohibited by the University.

Stalking is engaging in a course of unwanted conduct toward a specific person (including surveillance, repeated phone calls, emails, text messages, social media messages or in-person contact) that would cause a reasonable person to fear for their own safety or the safety of others or to suffer substantial emotional distress. A course of conduct means two or more acts, including, but not limited to, acts in which the person directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about, another person, or interferes with another person’s property. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling. Any act that constitutes stalking under Virginia law is also prohibited under this policy. Stalking is sexual misconduct prohibited by the University.

The definition of “consent” in reference to sexual activity in the applicable jurisdiction?

Consent means clear and unambiguous agreement to engage in sexual activity as evidenced by words or actions that demonstrate a knowing and voluntary willingness to engage in mutually agreed upon sexual activity. Consent cannot be gained by force, duress, intimidation, coercion, ignoring objections, or taking advantage of another's incapacitation. Consent may not be inferred from silence or any other lack of active resistance. Consent may not be inferred from the way a person is dressed. Consent may not be assumed from the fact of spending money on another person (e.g., buying a meal on a date). Prior consent does not imply consent to future sexual acts. A current or prior consensual dating or sexual relationship, alone, does not imply consent to sexual activity or preclude a finding of sexual misconduct. In addition, consent to one type of sexual act does not automatically imply consent to any other type of sexual act. Consent may be withdrawn at any time through clear words ‘or actions such as walking or running away, pushing the other party away, or attempting to physically stop the other party. Once a person withdraws consent, sexual activity must stop, regardless of the extent or nature of the sexual behavior that has occurred up to the moment that consent is withdrawn. For example, if one individual clearly says "no" and the other continues penetration or another form of sexual contact, it is sexual misconduct. Consent may not be given by the following persons:
Individuals who are mentally incapacitated at the time of the sexual contact in a manner that prevents them from understanding the nature or consequences of the sexual act involved, including incapacitation as a result of alcohol or drug use; and

- Individuals who are asleep, unconscious or otherwise physically helpless; and
- Minors.

Student Initiatives

Spiders for Spiders is a student movement to end sexual violence in our community. Spiders for Spiders facilitates an interactive training that is intended to empower members of our student community to play an active role in ending sexual violence, relationship violence, and stalking. Participants will learn realistic methods of intervening before, during, and after incidents of violence occur as well as how to support friends. Participants will leave with information about campus and community resources and with concrete tools to help create a culture where violence is not tolerated and where everyone is expected to do their part to keep our community safe.

This training is open to students who are interested in joining the movement to end sexual violence in our community and who want to learn ways to support survivors. To join this rapidly growing movement.

Information on risk reductions?

Personal Safety

We are responsible and committed to maintain an environment in which a student can excel in the classroom, on the athletic field, through civic engagement, and enjoy a vibrant social life. Achieving this requires partnerships with our faculty, staff, and most important, our students. We have created a comprehensive crime prevention program to educate the community members about threats to the safety of persons and property. This philosophy requires all of the officers in the department to be well-versed in many facets of crime prevention.

Our prevention program minimizes and eliminates criminal opportunities and provides timely information. The Police Department encourages the University community to be responsible for ensuring the safety of themselves, their property and others; to be vigilant and observe your surroundings; to never put yourself in danger; and to report suspicious activity.
To contact the Police Department regarding a crime prevention question, concern or suggestion to improve the safety of the campus community:

- Call (804) 289-8715 and ask to speak with an officer
- Email us at police@richmond.edu
- Stop by the police department and ask to speak with an officer

*Description of the ongoing prevention and awareness campaigns for students and employees that provide the same information as above?*

**Every Choice**

Beginning Fall 2018, all full-time, degree seeking students will participate in an online bystander module during their second year. This course will be completed within the first six weeks of the fall semester. Every Choice builds off of the Sexual Assault Prevention for Undergraduates Course; it moves students from awareness about sexual and relationship violence, to building skills and overcoming obstacles so they can act as active bystanders and intervene in problematic situations.

Current first-year students can expect to receive an email detailing the course and its process by May 2018.

**Compliance Training**

The University of Richmond is committed to operating as a model institution of higher education, sustaining superb faculty and staff and administering the institution with the highest standards of innovation and professionalism. As part of the University’s [Compliance Program](#), all employees are required to participate in training to ensure we comply with applicable laws and regulations.

All new employees are required to participate in Title IX, FERPA, and Workplace Safety training within their first 60 days of employment. Additional training may be required for specific roles and departments on campus.

In addition to campaigns discussed above other campaigns are discussed under crime prevention and awareness programs discussed in policy statements above.

*Written information about the importance of preserving evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protective order.*

Immediate Actions: Any individual who has experienced sexual misconduct, is encouraged to do the following as promptly as possible:

- Get to a safe place as soon as possible.
- Try to preserve all physical evidence. Do not wash clothes or use the toilet. Put all clothing you were wearing at the time of the incident in a paper bag, not in a plastic bag. All physical evidence should be provided to police as soon as possible.
- Contact University Police by calling 8911 (from a campus phone) or (804) 289-8911. The University Police Department can assist in contacting other local law enforcement agencies
for incidents occurring off campus. On campus, a blue light emergency phone will connect
callers directly to the University Police dispatcher.

• Get medical attention as soon as possible. The University Police can provided transportation
to the hospital if needed. A medical examination will provide any necessary treatment and
collect important evidence. Injuries may not be immediately apparent. The Student Health
Center can assist with injuries, preventative treatment for sexually transmitted diseases, and
other health services.

• It is important to seek immediate and follow-up medical attention for several reasons:
  o To assess and treat any physical injuries that may have sustained.
  o To determine the risk of sexually transmitted diseases or pregnancy and take appropriate
    medical measures.
  o To gather evidence that may aid criminal prosecution.

• A special hospital exam (PERK: Physical Evidence Recovery Kit) should be performed by
  an emergency department. University students can receive the exam at St. Mary's Hospital or
  through the Virginia Commonwealth University Health System.

• The hospital emergency departments follow national standards for survivor care, sexual
  assault exams, and evidence collection procedures.

• Any one concerned about anonymity or having their parents being notified, can speak with
  hospital personnel regarding options for confidentiality. Inform the triage nurse of this
  request for anonymity upon arrival to an emergency room.

There are many resources available to survivors that may assist with PERK exam costs, and
medical personnel will provide more information. At the hospital, survivors may choose to
undergo a PERK exam even if they are unsure whether they want to report the sexual misconduct
to the police and want time to think about it.

Hospital nurses will collect the evidence without revealing the identity of the survivor to the
authorities. The evidence will be held for at least two years before being discarded. A survivor
must contact the storage facility in writing for an extension beyond that point.

**How and to whom the alleged offense should be reported?**

The University of Richmond strongly supports and encourages prompt reporting of sexual
misconduct to the Title IX Coordinator and to the University Police Department. Reporting
provides resources to survivors and contributes to keeping the campus safe. Unless designated as
a confidential resource under Section V(E)(2)of this Policy, all Responsible Employees, as
defined in Section III(F) of this Policy, are required to report incidents of possible sexual
misconduct to the Title IX Coordinators and those employees designated as Campus Security
Authorities must also report to the University Police.

**Reporting Sexual Misconduct to University Officials**

Members of the University community who have experienced or know someone who may have
experienced sexual misconduct, should report incidents to the University's Title IX Coordinators

both the University's procedures and through the criminal justice system. If a Complainant
makes a report to the University Police or if the University Police otherwise become aware of
possible sexual misconduct (for example, as a result of transporting a student to the hospital), the University Police will notify the Title IX Coordinator of the report. If the Complainant reports first to the Title IX Coordinator, the Title IX Coordinator will assist the Complainant with making a report to the University police, if the Complainant chooses to do so.

They can discuss options on campus and make connections to resources in the University community. The University’s Title IX Coordinators are Safe Zone Allies.
- Online Incident Report. All members of the University community can file a report using the University’s online incident report form, located at http://report.richmond.edu. This form should not be used for emergency situations. In an emergency situation, please call the University Police at 8911 (from a campus phone) or (804) 289-8911. University faculty and staff using this form must provide all requested information, if known, including the name and contact information of the reporter.

Complete publicly available recordkeeping, including Clery Act reporting and disclosures, without inclusion of personally identifying information about the victim?

Confidentiality of Investigative Records

The University considers the records of a Title IX sexual misconduct investigation to be confidential and the University uses reasonable methods to protect the confidentiality of those records. Information gathered in the course of a sexual misconduct investigation will be disclosed to University officials only to the extent such officials require such information to perform their responsibilities to the University. Information gathered during an investigation may be shared with other involved students (for example the Complainant or Respondent) to the extent necessary to conduct a thorough and equitable investigation, in the course of a student conduct or other disciplinary proceeding, and as permitted or required by applicable law or court order.

Information gathered in the course of a sexual misconduct investigation will not be disclosed to third parties except as required by law, court order or with appropriate written consent.

The records of an investigation involving University students are considered to be education records subject to the Federal Rights to Privacy Act (“FERPA”) and the University’s FERPA policy.

Virginia law requires that a prominent notation be added to the academic transcript of any student who is suspended for, permanently dismissed for, or withdraws from the University while under investigation for an offense involving sexual violence. This transcript notation will be removed if a student is subsequently found not to have committed an offense involving sexual violence or if the student completes their term of suspension and is determined to be in good standing according to applicable University policy.
Health care and counseling records are confidential and will only be disclosed with appropriate written consent or as required by applicable law or court order. Students involved in a sexual misconduct investigation are encouraged to respect the privacy of the Complainant, the Respondent, and any witnesses by maintaining appropriate confidentiality. However, students are permitted to share appropriate information with counselors, parents, advisors, or members of the deans’ offices. Additionally, Complainants or Respondents are permitted to disclose information for purposes of contacting potential witnesses and seeking documentary and other evidence from third parties.

The URPD crime log discloses only those elements required by the Clery Act and State Law. Those elements include: case number, report date and time, incident date and time, offense, location, injury, damage or loss, and disposition. The victim is not disclosed on the URPD crime log.

**Maintain as confidential any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures?**

Confidentiality Requests to the Title IX Coordinator When a report is made to the Title IX Coordinator, the Title IX Coordinator has an obligation to commence an investigation of the report. However, the Complainant may request confidentiality and may share as much or as little information with the Title IX Coordinator as they choose. Additionally, the Complainant has the right not to participate in the Title IX investigation or the student conduct process. In cases in which the Complainant wishes to keep the report or incident confidential, chooses to keep their name, the name of the Respondent, the names of witnesses, and other information confidential, or decides not to file a formal complaint of sexual misconduct, the Title IX Coordinator will inform the Complainant that:

- Under Virginia law, personally identifiable information, including the name of the Complainant and Respondent, must be disclosed to the Sexual Misconduct Review Subcommittee;
- The Title IX Coordinator has an obligation to notify the University Police of a report of a possible crime, but, upon request of the Complainant, will do so without sharing the Complainant’s name;
- Keeping the Complainant's name confidential or declining to identify the Respondent may limit the University’s ability to investigate thoroughly the sexual misconduct complaint; and
- It may not be possible to ensure confidentiality and that, in some cases, the safety of others or the campus community requires the Title IX Coordinator to investigate despite the Complainant’s request.

The Complainant has the right not does not wish to participate in the investigation or pursue a formal complaint. In such case, the Title IX Coordinator’s will continue to make available to the Complainant support resources and will implement appropriate interim and long-term remedial measures.

The Title IX Coordinator shall also offer to meet with the Complainant. When the Title IX Coordinator meets with the Complainant, the Coordinator provides the following information:

- The Complainant’s Title IX rights and rights under this policy and related University policies, including the Standards of Student Conduct;
- The University's obligation to treat both the Complainant and the Respondent fairly;

• Possible options for interim remedial measures to avoid contact with the Respondent and to ensure the Complainant’s well-being, including: no contact orders, housing and academic accommodations, and/or changing transportation, dining, or working situations;

• Possible long-term remedies for the Complainant, including housing and academic accommodations, tutoring, medical services, and counseling;

*Describes each type of disciplinary proceeding used by the institution; the steps, anticipated timelines and decision-making process for each type of disciplinary proceeding; how to file a disciplinary complaint; and how the institution determines which type of proceeding to use based on the circumstances of an allegation of dating violence, domestic violence, sexual assault or stalking?*

(Standards of Student Conduct) Upon receipt of the investigative report from the Title IX Coordinator, the Conduct Officer will consider whether the results of the investigation provide sufficient facts and evidence upon which a reasonable decision maker could find, by preponderance of evidence, that the Respondent violated the Standards of Student Conduct.

If the Conduct Officer makes the decision to charge the Respondent with a violation of the Standards of Student Conduct, the Conduct Officer shall determine the sanctions that the Conduct officer would impose should the Respondent accept responsibility for the charge. In determining sanctions, the Conduct Officer shall comply with any sanctioning guidelines implemented by the University and shall consider prior precedent in similar cases.

If the Conduct Officer determines that a formal charge or charges are warranted, the Respondent will receive written notification of the charge(s) and the date of the preliminary hearing. The University’s disciplinary process and proceedings commence upon the issuance of a written notice of charges.

Within twenty-four hours after the completion of the preliminary hearing, the Respondent must advise the Conduct Officer in writing of their choice of available procedural options. The Conduct Officer can extend the deadline at their discretion up to 72 hours.

If the matter is referred to the University Hearing Board, the Conduct Officer will forward the notice to the Respondent identifying the charges and forward the investigative report to the Hearing Officer. The date of the hearing will be no more than 20 business days and no less than five business days from the notice of hearing.

The University Hearing Board (UHB) consists of three voting members and a Hearing Officer. The Hearing Officer is responsible for the administration of the UHB. The Hearing Officer will notify the parties of the pre-hearing procedures and both parties will be afforded the opportunity to meet with the Hearing Officer or their designee prior to the hearing to advise them of their rights and review the hearing proceedings. The Hearing Officer will preside over the hearing. Upon completion of the oral testimony, the UHB will deliberate in private and reach a decision of responsibility based on the evidence presented during the hearing. If the UHB determines the Respondent is not responsible, the Hearing Officer will notify both parties separately of the decision and will provide a brief statement outlining the rationale for the decision. If the UHB
determines the Respondent is responsible, the Hearing Officer will notify the parties and the UHB will reconvene to allow the parties to make an impact statement. The UHB will then deliberate in private on the sanctions. The UHB will consult with any sanctioning guidelines implemented by the University and use past precedent from similar cases. Once the UHB has reached a decision, the Hearing Officer will notify the parties of the sanctions. The Complainant is only notified of the sanctions that directly relate to their complaint. Upon completion of the UHB, the Hearing Officer will provide both parties with written documentation of the outcome of the case and if responsible will outline the sanctions imposed. The written documentation must be sent to both parties by 5:00 pm on the second business day following the hearing.

The University will complete the disciplinary process in a timely manner designed to provide both parties with a resolution. The time frame for completion of a specific matter may vary depending on a number of factors, including, but not limited to, the complexity of the case or investigation, the availability of witnesses and the academic calendar.

**Describes the standard of evidence that will be used during any institutional disciplinary proceeding arising from an allegation of dating violence, domestic violence, sexual assault or stalking?**

Student Conduct Board’s determination shall be made based on a preponderance of the evidence standard, meaning that in order to find the Respondent responsible, the Student Conduct Board must find that the greater weight of the evidence presented at the hearing supports a finding of responsibility for the violations(s) of Article III (B) with which the Respondent was charged. A preponderance or the greater weight of the evidence is a matter of quality, not quantity.

**Lists all the possible sanctions that the institution may impose following the results of any institutional disciplinary proceeding for an allegation of dating violence, domestic violence, sexual assault or stalking?**

- **List of Possible Sanctions.** Violations of prohibited conduct as outlined in Article III of the Standards of Student Conduct may result in one or more of the following disciplinary sanctions. Additional sanctions, if any, are listed in the handbooks or official announcements of the School or College concerned. Following a determination of responsibility by a Student Conduct Board as outlined in Articles V and VI, the board will impose sanctions from the following:

  - Disciplinary Warning. A written notice that a continuation or repetition of prohibited conduct, within a specified period of time, will be grounds for more serious disciplinary action.
  - Residential Housing Probation. Action permitting the student to remain in residence on probationary status. During the period of probation, if the student is found responsible for additional violations, the student may be evicted from on-campus housing.
  - Conduct Probation. Action permitting the student to remain at the University on probationary status. During the period of probation, if the student is found responsible for further violations, the student may be subject to suspension, dismissal, or separation from the University.
  - Housing Relocation. Serious housing matters or repeated violations of University policy may result in relocation from one housing area to another.
Housing Eviction. Serious housing matters or repeated violations of University policy may result in removal from University housing.

Suspension. A forced, temporary leave from the University. The time period of a suspension is typically a semester or a full academic year, but can be set for any duration by the Conduct Officer or Student Conduct Board.

Separation. Immediate and permanent separation from the University. A student who is separated from the University is not eligible for readmission, and is typically barred from University events, activities, and property.

• B. List of Additional Sanctions. A Student Conduct Board may also impose additional sanctions to the disciplinary sanctions listed in VIII (A). Additional sanctions include, but are not limited to, the following:

Community Service. An assignment to perform a task or service for the University or a University sponsored organization.

Fine/Restitution. Reimbursement for damage to, destruction of, or misappropriation of property, to include but not limited to personal and medical reimbursement.

Revocation of Privilege. Including, but not limited to, registered events, using University dining facilities, having an automobile on campus, and/or access to other University facilities. In serious matters, a student may have additional privileges revoked during and/or while University charges are being processed through the University conduct system.

Notification of parents/guardians if deemed appropriate.

No Contact. An order to have no contact in any form with an identified student or students.

• C. Multiple Sanctions. More than one of the sanctions listed above may be imposed for any single violation.

Describes the range of protective measures that the institution may offer to the victim following an allegation of dating violence, domestic violence, sexual assault or stalking?

All members of the University community are encouraged to report sexual misconduct that may constitute a crime to the University Police Department. A Complainant may speak with a University Police detective before deciding whether to file a police report. A detective will meet with a Complainant, along with an advisor of their choosing and/or a victim advocate, to explain the criminal justice process, discuss options to protect the safety of the Complainant, including the option of seeking a Protective Order, and provide information on the importance of preserving evidence, including clothing and electronic communications.

If the identity of the Complainant can be determined from the report or initial fact-finding, the Title IX Coordinator will contact the Complainant and provide the Complainant with a summary of their rights under this Policy and related University policies such as the Standards of Student Conduct, information about available support resources, interim remedial measures, and reporting to law enforcement.

The Title IX Coordinator shall also offer to meet with the Complainant. The Complainant has the right to select an advisor of their choice and may have the advisor present during all meetings.

- The University's obligation to investigate promptly the reported sexual misconduct;
- The Complainant’s reporting rights, including the right to pursue or not to pursue criminal action including options for investigation and prosecution in addition to the University of Richmond's sexual misconduct and student conduct process;
- The importance of the collection and preservation of evidence;
- The importance of seeking appropriate medical attention;
- The available options for a protective order;
- The Complainant’s right to participate or decline to participate in any investigation;
- The Complainant’s right to an advisor of their choosing;
- Resources on campus and within the Richmond community, including counseling services, sexual assault crisis centers, and domestic violence crisis centers;
- Information about the investigation process and University procedures for pursuing a formal complaint against a student, faculty member, staff member, or third party, including the University's protections from retaliation.

Include a prompt, fair and impartial process from the initial investigation to the final result?

The University shall complete the investigative and disciplinary process in a prompt manner designed to provide all parties with a reasonably timely resolution. However, the time frame for completion of a specific matter may vary depending upon a number of factors, including, but not limited to, the complexity of the case or investigation, the availability of witnesses, and the academic calendar.

Have you provided a statement advising the campus community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained, such as the law enforcement agency with jurisdiction for the campus or a computer network address?

In accordance with the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Virginia State Police will advise the University of Richmond Police Department if a registered sex offender is employed, carries a vocation, or is a student at the University of Richmond. This information is also available at the Virginia State Police Sex Offender registry.

X. Report to the Department of Education

URPD submits crime statistics from the annual security report to the Department of Education via an annual web-based data collection. Additionally, URPD submits fire statistics from the annual fire safety report due to UR’s on-campus residential facilities.

XI. Missing Student Notification Procedures

Anytime a member of the University community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify URPD at (804) 289-8715. URPD will immediately initiate an investigation and notify local law enforcement agencies, regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor.

If the missing student is under the age of 18 and is not an emancipated minor, URPD will notify the student’s parent or legal guardian and any other designated contact within 24 hours after the University of Richmond Police Department has conducted an initial investigation and has determined that the student is missing.

If the missing student is age 18 or over, the University of Richmond Police Department will notify the student’s designated confidential contact, if any, or the student’s parent or legal guardian within 24 hours after the University of Richmond Police Department has conducted an initial investigation and has determined that the student is missing.
At any time the preliminary investigation indicates a need, the local law enforcement agencies and parents may be notified immediately.

In addition to registering an emergency contact, students residing in on-campus housing have the option to confidentially identify an individual to be contacted by URPD in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, URPD will notify that individual no later than 24 hours after the student is determined to be missing. Students who wish to identify a confidential contact can do so through the University of Richmond Banner Web website at bannerweb.richmond.edu.

Confidential contact information remains confidential and will only be accessible to authorized campus officials and law enforcement and it may not be disclosed outside of a missing person investigation.

**XII. Fire Safety Log**

The fire log is maintained by the Safety Specialist in the Department of Environmental Health and Safety. The log is available for public inspection at URPD.

Annual Fire Safety Report

The fire safety report is completed by the Safety Specialist in the Department of Environmental Health and Safety.

Safety Education and Training

All first year students receive fire safety indoctrination during the orientation process. All Residence Life staff receives annual fire safety training. Environmental Health makes available a fire safety program for use in the residence halls. The program includes:

- Fire Safety Policy
- Cover the policy, especially the high points and most frequent violations.
- Discuss the reasons for certain portions of the policy that may not be easily understood, i.e. why we minimize posting and decorative materials.
- Fire Evacuation Procedures
- Discuss the nature of fire.
- Discuss evacuation plans and how to respond to smoke or fire in an exit pathway.
- Fire Survival Procedures
- Discuss what needs to be done if escape from a room or the building is not an option.
- Fire Extinguisher Use
- Explain our policy pertaining to fire extinguisher usage.
- Discuss the necessary conditions which need to be in place prior to fighting a fire, i.e. exit to users back, fire in the insipient stages…
- Discuss how to operate a fire extinguisher.
- Conduct live fire training.
- Q and A
- Discuss any questions that may come up.
- Residence hall room fire safety inspections are conducted and utilized to help increase awareness of, and compliance with fire safety regulations.

Fire Drills

Each residence hall conducts four fire drills during a calendar year. Residence Life staff are trained prior to the beginning of each year to facilitate and critique fire drills. During 2018, the University of Richmond conducted 86 fire drills. The goal is to ensure safe evacuation in the event of a fire emergency through remembering the following:

- People who may be in danger act in a calm manner.
- Those people who have responsibilities carry out their tasks.
- Occupants evacuate by the nearest available exit
- Evacuation of the building is achieved in a speedy and orderly manner.

An evacuation report is filled out by the residence life staff member in charge. Following the evacuation, the Head Resident will meet briefly with the student staff at a predetermined location to process the evacuation and provide the information necessary to complete the Fire
Alarm Evacuation Report. This report must be completed by the Head Resident (or another staff member in case of unscheduled alarms) and all reports are sent to Environmental Health and Safety.

**Plans for Improving Fire Safety and Future Considerations**

In conjunction with current housing redevelopment projects Lora Robins Court, and Keller Hall have had smoke detection systems upgraded throughout the building to include inside resident rooms.

Over the next several years, there are plans to update detection systems in Marsh and Moore residential facilities. Additionally, the University is actively adding several new buildings and beginning renovation plans for Ryland Hall. These buildings will be renovated/built to meet or exceed current building codes.

**Residence Hall Policies**

- Smoking is prohibited to include e-cigarettes.
- Open flames are prohibited on campus, including in residence halls, without prior approval.
- Candles, Incense, Flame Producing Products are prohibited.
- The following items are prohibited in all residential facilities
  - Space heaters
  - Hot plates
  - Toaster ovens (not permitted in residence halls)
  - Grilling machines **of any form** (not permitted in residence halls)
  - All open/visible coil electrical equipment of any type
- University policy prohibits cooking in residence halls. The only exception to this rule is locked, limited access kitchens. Food preparation is allowed using only a Microwave oven
- Complete residence hall room fire safety inspections are conducted by staff from the Richmond and Westhampton Colleges, Environmental Health and Safety, and Risk Management two times per year.

The entire University Housing Fire Safety Policy can be viewed at: [https://ehs.richmond.edu/fire/2018%20University%20Housing%20Fire%20Safety%20Policy%20docx.pdf](https://ehs.richmond.edu/fire/2018%20University%20Housing%20Fire%20Safety%20Policy%20docx.pdf)

**Reporting a Fire Emergency**

All fire emergencies are to be reported to the URPD. You can reach URPD by using an ERTS phone, calling 911 from any building phone, or (804) 289-8911 if using a cell phone. Make sure you place your call from a safe location outside the building. Provide emergency personnel with specific information including your name, location of the incident, and nature of the emergency. If you observe signs of a previous fire you suspect may have not been reported, contact the central station non-emergency number at (804) 289-8715.
Procedures for Fire Emergencies

- Fire Alarm System not Activated
  - If you discover or suspect a fire immediately evacuate the building using the nearest available exit. **Do not attempt to fight a fire unless you have been trained to do so.**
    - Sound the building fire alarm by activating the nearest pull station and or verbally sounding the alarm and knocking on doors as you evacuate the building by the nearest exit.
  - Notify emergency personnel by pushing the red button on an ERT’s phone, dial 911 from any campus emergency phone, or if using a cell phone (804)289-8911 and inform authorities of your situation and location.

- Fire Alarm System is Activated
  - If you hear the fire alarm immediately evacuate the building using the nearest available exit.
  - Do not attempt to fight a fire unless you have been trained to do so.
  - Awaken any sleeping roommate or suitemates. Prepare to evacuate by putting on shoes and coat if necessary. Feel the doorknob and the door. If they are hot, do not open the door. If they are cool, open slowly, if heat or heavy smoke rushes in, close the door immediately and remain inside. (See Shelter In Place)
  - When leaving your room, be sure to take your key, *or your One Card* in case it is necessary to return to the room should conditions in the corridor deteriorate. Make sure to close the door tightly when evacuating.
  - Resident life staff members who are present on their floors shall facilitate the evacuation of their floor/section if possible. When the alarm sounds shout (Example: there is an emergency in the building leave by the nearest exit) and knock on doors as they make their way to the nearest exit and out the building.
  - When exiting in smoky conditions keep your hand on the wall and crawl to the nearest exit. Always know more than one path out of your location and the number of doors between your room and the exit.
  - DO NOT USE ELEVATORS. Elevator shafts may fill with smoke or the power may fail, leaving you trapped. Elevators have features that recall and deactivate the elevator during an alarm. Standing and waiting for an elevator wastes valuable time.
  - Each resident shall report to their assigned assembly area. Resident life staff shall report to their assigned assembly area and make sure that students have cleared the building. Conduct a head count and do not allow re-entry into the building until directed to do so by emergency personnel.
  - The Head Resident will meet emergency responders (University of Richmond Police) outside their building to provide information, i.e. persons still in building, as needed. If an officer is not already on site dial 911 from any campus emergency phone or if using a cell phone (804)289-8911 and inform authorities of your situation and location.
  - Following the evacuation and receiving the all clear, the Head Resident will meet briefly with the student staff at a predetermined location to process the evacuation and provide the information necessary to complete the Fire Alarm Evacuation Report. This report must be completed by the Head Resident (or another staff member) and submitted to the Residence Life Administrative Assistant within 24 hours of the evacuation.
• Shelter In Place
  o If for any reason you are not able to leave your room, dial 911 or on cell phone (804)289- 8911 and inform authorities of your location.
  o Make sure the door to your room is tightly closed and use a bed sheet or blanket to fill the cracks around the door.
  o If possible, open the window two-thirds at the top to allow hot air and gases to escape—and one-third at the bottom. Keeping your face near the bottom opening will allow you to breathe fresh air while waiting for help to arrive. Never break the window. If you do, you will no longer have the ability to control the influx of smoke from other floors.
  o Wave a towel or brightly colored shirt from the window, and yell for help this will aid rescuers in locating you. The Fire Department looks for this type of signal.
• If You are On Fire
  o STOP, DROP AND ROLL. If your clothes catch on fire, Stop, Drop, and Roll, wherever you are. Rolling smothers the fire.
