

Due to renovations at Special Programs, the University of Richmond's Emergency Communications Center is moving to a trailer in the parking lot in front of 486 Westhampton Way (UFA) on Thursday, April 13, 2023.

As a result of this transition, URPD would like to notify the community of the following items:

1. Masks and COVID self-test kits will be available at the trailer's service window.
2. Community members can go to the trailer or the Special Programs lobby to contact URPD in person. There will be a phone in the lobby of Special Programs for community members to contact URPD since our current service window will be removed. A service window is available at the trailer for community members to speak directly with a communications officer.

There will be additional office location changes over the next few weeks. URPD will provide additional updates as these changes occur.
